Calling all art lovers! The anime expo chibi artist alley is in full swing and is the place to come and experience art from your favorite artists. From local artists just starting out, to your seasoned veterans, anime expo chibi has worked to bring you over 250 artists that are split between those artists you already love and who have been coming to Anime Expo for years, to brand new artists who are new to the anime expo family of events.

From digital artists, painters, crafters and more, there is something for all fandoms and art lovers in the artist alley. These artists have worked tirelessly to bring their creative works to anime expo chibi and are eager to share their artistry to the world.

Artist alley is open Saturday and Sunday this weekend from 10:00am - 6:00pm located just outside of the south entrance. See how these amazing artists have unleashed their creativity to bring you goods such as posters, prints, pins, comics, clothing and more!

### the ax chibi experience

It's finally time to celebrate the humble beginnings of anime expo chibi, our inaugural event bringing back that intimate, old-school con feel! We love the iconic hustle and bustle of Anime Expo, but at anime expo chibi, the name of the game is relaxation. Come relax and chill with us as we hang out with old friends, and maybe even meet some new ones along the way!

Stop by the Exhibit Hall for a fix of your favorite anime merch

while discovering amazing artists at artist alley, and then jam out to great performers such as the return of Tune in Tokyo for City Pop: Dance Party at our first-ever chibi night market while getting your grub and drink on. Another first for us is the new Maid Cafe, hosted by Dreamland Maid Cafe, where you can experience their talented performers while enjoying some fun and tasty food like a true cafe!

We're also bringing back some of your old favorites, too, such as the manga lounge with thousands of titles to choose from, or, for older fans, Lounge 21 with DJs, drinks and more. Gamers can further play hundreds of games in our tabletop gaming room, and our retro gaming room, packed with vintage throwback consoles and beloved classics, offers a nostalgic trip back to those halcyon days of old.

For even more community celebrations, we invite you to check out our various immersive cultural workshops, where you can learn all about Japanese traditions from your favorite anime, like origami and calligraphy. You also won't want to miss out on our screenings of some of your favorite anime out on the big screen!

Anime expo chibi has been working hard to bring you an all-new, but still comfortably familiar, anime expo experience, and we are so excited to share all the fun experiences with you during our inaugural event!

# welcome

Dear anime expo chibi attendees,

Truly, only seeing our AX family once a year wasn't enough. It is my pleasure to welcome you to the first anime expo chibi here at the Ontario Convention Center!

As you know, for over 30 years, Anime Expo has been home to groundbreaking premieres, exclusive merchandise, interactive guest panels, and so much more. And, while we're incredibly excited to continue growing North America's largest celebration of Japanese pop-culture for years to come, we also know that many of you have been nostalgic for the more intimate AX experience of old.

Enter anime expo chibi – an event that is all about going back to our roots and giving back to the community, offering you dedicated fans the opportunity to experience a smaller-scale, more laid back experience with the same polish of our flagship Anime Expo event.

While anime expo chibi isn't geared towards wall-to-wall, blockbuster programming, that doesn't mean there won't be plenty to do. This year, we are excited to bring you over 150+ Exhibitors and 250+ Artists ready to show off their latest and greatest, our very own night market, tabletop and retro gaming rooms, the manga lounge and Dreamland Maid Cafe, a cultural workshop where fans can learn Japanese Calligraphy and Origami, and so much more.

On behalf of all of us at The Society for the Promotion of Japanese Animation, we would like to take this moment to thank our incredible community for continuing to support Anime Expo's continued growth, and be here on the ground floor of anime expo chibi's (intentionally) humble beginning.

Stay safe and enjoy the show!

# gaming

## game jam

Anime and gaming go hand in hand, and we're happy to present the winning game of our first ever game jam for anime expo chib! A game jam is a friendly competition where new and experienced game developers alike are welcome to create their very own video game, either individually

or as part of a team, within a set time frame. The goal of a game jam is to inspire creativity, encourage teamwork, promote education in the gaming sphere, and to show that anyone can make a game if they just put their mind to it. This year, we gave participants one month to create an anime style video game that adheres to a selected theme: whimsical. Our team of internal judges have selected a winner from the submitted games,

and we are happy to have this game available for you to play in **Room 100AB**. Want to know more about the game jam and this year's winner? Scan the QR code below!

In cosplay karaoke, you can both dress up as an anime character and sing along to your favorite songs at one of our cosplay sets! Get the immersive experience

of being in a new cosplay environment while performing. Don't know the lyrics you want to sing? The karaoke songs in our library include lyrics- popular songs even have timed lyrics - to make it easier to sing along to.
